

## Letter of recommendation

I, Olivier POLINE, chairman of the supervisory board, hereby recommend Slim BENDAG, who has spent time at our aquaculture research station in Wimereux, France.

He stayed from February 20 to June 20, 2020 to monitor an experiment for one of our customers.

He demonstrated great scientific rigor, excellent analytical skills and integrated very well into our team of researchers and technicians.

Wimereux, September 3, 2023 for whom it may concern,
